CONTEMPLATION OF BEAUTY

By VULPA

Origination 297mm x 420 mm Digital sketch

"That pleasure which is at once the most pure, the most elevating and the most intense, is derived, I maintain, from the contemplation of the beautiful."

EDGAR ALLAN POE

A moment's sketch capturing a moment's thought. Encapsulating a fleeting instant of contemplation where a soft breeze gently kisses Beauty's hair bearing the mind's musing back to the insubstantial skies of reflexion.
